

6.26.2018

Good Morning Cape Carteret Residents!

Under our new contract with Waste Industries, every household will receive a new 95 gallon can for trash and a 65 gallon can for recyclables unless you notify Waste Industries differently. You can have both 95's, both 65's, or any combination.

Please contact Mr. Young at brigman.young@wasteindustries.com.

Please tell him your name, address, and what combination you would like if different from the 95 gallon can for trash and 65 gallon for recyclables.

If you prefer to call Waste Industries, you can reach Patricia at 252-223-4176. Please make sure you mention you are a Cape Carteret resident.

If you have any problems contacting Waste Industries, please call Heather at town hall 252-393-8483.

We hope you are having a great summer!

Thanks,
Town Hall
