Bogue Sound Drive Stormwater Improvements

Dear Property Owner in the Bogue Sound Drive / Edgewater Court / Park Avenue Area:

The Town of Cape Carteret Board of Commissioners has approved a project to study and improve storm water management in the Bogue Sound Drive area. RK&K, a Raleigh engineering firm, is completing this work for the Town.

It is necessary to conduct field work along the roadway to support the project, and this work will occur during the week of January 16 – 20. For this reason, personnel may need to have access to your property simply to survey the existing conditions. We do not expect this access to be intrusive in any significant way, and are happy to adjust to address any concerns you may have. The Town has authorization by North Carolina General Statute, Chapter 40A-11, to enter upon private property to complete said surveys, however if you have any specific concerns with our entry we will be happy to discuss those with you in detail.

If you have other family members or tenants residing at the property, please advise them that crews may be on the property for a brief period during the week of January 16 - 20. Crews are instructed to protect all property and cooperate with property owners. The Town appreciates your cooperation in allowing surveyors and other technical personnel to perform this work, and we look forward to eventually resolving chronic storm water flooding concerns in your area. Again, please be assured that the work will not be lengthy or intrusive to you or your property, and any brief disturbance will be minimized. All field personnel will be distinguishable by their orange and/or yellow safety vests. Please don't hesitate to speak with these individuals.

If you have any questions or concerns, please do not hesitate to contact me at 252-393-8483 or frush@capecarteret.org, and I'll be happy to talk with you.

Sincerely,

A handwritten signature in black ink that reads 'Frank A. Rush, Jr.' with a small arrow pointing to the right.

Frank A. Rush, Jr.
Town Manager
